shane hollander boy kisser confirmed!

by chuyasexual

Summary

In 2021, Shane Hollander reveals his relationship with former rival Ilya Rozanov to the shock of chronically online people worldwide, who've spent the last decade convincing the world he's secretly in love with his teammate Hayden Pike

> **feng (she/her)** @flowerfeng · Apr 3, 2021
> gotta feel bad for shane hollander. like imagine everyone wishing you were in a secret gay relationship. and you gotta spend your career swearing you're not in a secret gay relationship. but you ARE in a secret gay relationship. just w the wrong guy
>
> **booboo the fool** @cinnacin · Apr 4, 2021
> shane hollander w a hand on the bible: no im not in a decade-long secret relationship w fellow hockey player hayden pike
> roger cromwell: ok say it again without the hayden pike part
> shane hollander: sweats nervously

(Or, imagine if #Shayden was the #LarryStylinson of the HR/GC universe)

Chapter 1

Chapter Notes

The idea for this fic came from a couple of things

1) A conversation I had with a friend about One Direction and Larry Stylinson a couple days ago — what if, at some point in the future, Harry or Louis reveal that one of them was in fact in a secret gay relationship while the band was active—just not with each other; ("Like imagine if the queer couple in question was actually Louis and Zayn or something I'd pay to see the Larry shipper meltdown" "I think the internet might crash worldwide that day").

2) A conversation I had with a hockey fan friend of mine around the height of the Crosby-Ovechkin rivalry years ago, where I made a enemies-to-lovers joke (completely unseriously) about them,and he told me that if I had to ship Crosby with any other player in the NHL, a teammates-to-lovers arc with Evgeni Malkin made wayyy more sense)

This fic was also def influenced by any social media fic that has referenced Shayden as being a competitive ship to Hollanov in the GC/HR universe. Off the top of my head, I'm thinking of #shaydenreal by arenasoundsystem but there's definitely others too <3

This work is a bit of my own love letter to fandom and fan culture — there's a lot of small references to things throughout the year that I remember being into/were big at the time; I also tried my best not to use 2025 slang in, say 2012, but I don't think I succeeded too well at that.

This mostly follows book canon (except where I may have muddled book and show events bc I'll be honest I haven't reread HR fully since 2019) and contains spoilers for The Long Game!

See the end of the chapter for more notes

Hayden Pike reveals he can't sleep well at night without Shane Hollander in the bed next to him.

In an interview, the star hockey player of the Montreal Voyageurs described the toll that communal living for games can take on players' personal lives. The star discussed his struggles with insomnia over the summer, revealing that it stemmed from no longer sharing a room with fellow Voyageurs teammate and captain Shane Hollander.

"On the road, you get so used to living with someone else, you know. And Shane's such a chill guy roommate too, no snoring or anything. His breathing was honestly like white noise

to me—sent me straight to sleep on nights we shared the same room. I genuinely missed it over the summer.”

Hayden: Have your twitter mentions been blowing up or is it just me
Shane: You know I don't use twitter.
Shane: Why would my mentions be blowing up?
Hayden: It's that fucking article dude. God, I knew I should've said no when they asked
Hayden: People are blowing what I said completely out of proportion 😒
Hayden: Did you know people ship us?
Shane: Ship us? Like they want to send us mail?
Hayden: Haha no
Hayden: Don't worry I just learned what the word means myself from Jackie
Hayden: Like, they're convinced you and I are secretly in a relationship
Hayden: And Jackie is my fake girlfriend who knows our secret and is helping hide us?
Shane: What?
Hayden: Yeah, crazy, right?
Hayden: Like c'mon, if there's anyone who is secretly gay on the team it's definitely Rogers or Eisman
Hayden: Lol JK. No one on the team is gay. But you get what I mean 😂😂😂
Shane: Yeah. Right.

Lily: I hear you sing beautiful lullaby to Pike when you sleep
Jane: Fuck off Rozanov.
Lily: No, no, is very cute
Lily: Very not gay of him too
Jane: Fuck. Off.

Shayden: The Hockey Conspiracy Theory That Rules the Internet, Explained
[...]
Hollander and Pike have a very obvious close friendship, easily the closest amongst their teammates, and perhaps, most NHL pairs. Hockey players in general have always enjoyed an easy physical intimacy, owing in part to the physicality of the sport itself, but fans have decided soon after Hollander and Pike joined the Voyageurs as rookies in 2010 that their relationship was *special.*
Indeed, the internet is teeming with Shaydens — as the fans who ship Shayden often refer to themselves — who've spent years chronicling every microgesture and millisecond of the way Hollander and Pike interact with each other…

Jackie: So I hear you're en-route to steal my fiance any day now
Shane: Oh god.
Shane: Jackie, I am so sorry about all this.
Jackie: Oh don't worry Shane, I'm having the time of my life 😜
Jackie: Someone just DM-ed me something on Twitter called "The Shayden manifesto" and told me to step aside for your love 😂😂
Shane: Oh my god.
Jackie: It's almost 10k words I'm honestly very impressed 😂

Ignore, ignore, ignore. They will pass over soon. It has always been NHL policy to not speak about players' personal lives. This is no different.

Pike, Hollander Shut Down Rumors, Call Popular Fan Theory DISRESPECTFUL
In an interview with Hockey in the Crease on Saturday, Star NHL players Shane Hollander and Hayden Pike finally addressed their long-standing relationship rumours.
"It's completely false," Pike said. "I mean I'll admit, I think we all thought it was funny at first — funny because it's so ridiculous that me and Shane of all people could be in a relationship. But now it's getting out of hand. I have a fiancé who I love dearly, and while she has been an incredible sport about all of this, I think it's really fucking disrespectful to her to let this shit go on."
Hollander nodded along. "And also honestly it's really weird? We're here to play hockey guys. Can we please focus on that?"

BREAKING NEWS: Video leaked of NHL Superstars Shane Hollander, Ilya Rozanov kissing! Has the rivalry been a lie all this time?

Shane Hollander and Ilya Rozanov release official statements, reveal relationship of "several years"
In a joint post published to their official social media accounts…
[..]
"We know that our relationship will be difficult for a lot of people to accept and understand. We have never let our personal relationship interfere with our competitiveness on the ice, and we believe our career achievements show that very clearly. We've always kept personal and professional separate, and we hope our teams, our fans, and the league can do the same."

CRAVE: We Sat Down with Shane Hollander & Ilya Rozanov to Discuss Hockey, their Relationship, and the question we've all been wondering about: #Shayden
[...]
Interviewer: Do you think the existence of Shayden helped paved the way for you two? Did it give you hope that there is a sizable community that would support you were you to come out?

Shane: I'll be honest, no. In fact, it might have made things harder. *[He sighs]* Despite what a lot of people seem to think, our secrecy actually had very little to do with my sexual orientation. Sure, the NHL isn't the most LGBT+ friendly organization in the world, as organized sports in general isn't, but between Scott Hunter's incredible work with inclusive organizations like Trevor Project and more LGBTQ+ issues coming to mainstream conversations both inside and outside sports, the sexuality piece became much less of a deal than it was when we first started as rookies. I came out to my team a couple of years ago, and it wasn't too bad. But the whole Shayden thing just terrified me even more because it was yet another way that the world saw me that I would inevitably disappoint my fans.
[...]
Shane: Ilya is *obsessed* with the online fanfiction about us for some reason — he loves to read them. I really don't understand the appeal, both from those writing these, uh, works, and also as a reader. He once showed me this one story where Hayden and I have supposedly been in a relationship since our rookie year, and I guess the entire story is about us hiding it through the years. I didn't scroll too far I'll admit *[He laughs nervously]*. But all of it was scarily similar to the whole, uh, situation with me and Ilya's relationship, and the timeline, and the secrecy. And the parts that I did read, about this fake Shane who comforted this fake Hayden — who can I just say, is one of the most confident and chill guys I know, it's what makes him such a good friend — through panic attacks and spoke pet names in Japanese to him and dreamed about taking him to Tokyo, I was just thinking wow, is this really how they see me? I mean, I don't even speak Japanese. I've never been to Tokyo, and yeah it would be cool to go, with my heritage and all, but it's not my *dream destination*, if you know what I

mean. And just, this is going to sound so stupid, I apologize in advance, but if there's anyone getting comforted in any of my relationships, it's me.

Ilya: *[laughs]* This made me laugh too, when I read. Shane is a beautiful anxious flower of a person. Is why part of why I love him so much.

Shane: Yeah exactly. My anxiety is pretty-known among those who know me well. So to see this confident, dominant captain persona that all these fans seemed to project upon me and believe wholeheartedly — I don't know, it was really weird. It made me feel like revealing my relationship with Ilya, revealing that I'm not the man these hundreds of thousands of people thought I was — would be the end of everything.

Hi everyone, after watching Shane's recent interviews, I've made the decision to delete "my heart is breathing (for this moment in time)" from all platforms. I'll give people another 24 hours or so to save the fic if they really want to, but I ask that you keep it only for your personal use/don't redistribute once the fic is gone. (1/4)

Corinne @euphoricdreamer · Jul 19, 2021
I'm so grateful (and still baffled) for all the support my work has gotten over the years. MHIB and Shayden has brought me a community unlike I've ever had before. I've met some of my best friends in fandom and in life through this fic. It's been genuinely life-changing. (2/4)

Corinne @euphoricdreamer · Jul 19, 2021
I don't know for sure if it was my fic Shane was referencing in his interview or another, but either way, I'm deeply saddened by the idea that my work has in anyway made Shane's coming out journey and his relationship harder than it needed to be. Fanfic is meant to be a way to spread love, and I fear that all I've done is made things worse. (3/4)

Corinne @euphoricdreamer · Jul 19, 2021
To Shane, Ilya, Hayden, and Jackie, if you see this, I am so sorry for any hurt I have inadvertently caused over the years. I've always thought of fanfiction as being a space by fans for fans, and I've always written fic with that audience in mind. My fic was never meant to be taken as a representation of who any of you were in real life, and I'm sorry that did not come across clear enough in my work. (4/4)

Ilya Rozanov @Rozanov81 · Jul 20, 2021
Don't worry. Writing was very good. I understand why it was so popular. Only thing is, Hayden Pike's dick is 6 inches shorter than you think. Is why he's so…loud. Overcompensation you see.

> **Corinne** @euphoricdreamer · Jul 19, 2021
> To Shane, Ilya, Hayden, and Jackie, if you're seeing this, I am so sorry for any hurt I have I have inadvertently caused over the years....

Chapter End Notes

Some suspensions of disbelief needed for reading: the notion that Shane Hollander would ever read a fanfiction about himself let alone BRING IT UP in an interview but I honestly needed to make this OOC thing happen since the interview scene was a good 30% of my reason for writing the fic

As someone who has been in numerous fandoms where RPF is a big thing, I find it fascinating to consider the concept of creators reading about fics that retell their stories in the real world — not, Harry Styles loves Louis Tomlinson in an completely different alternative universe where they're princes or wizards but fics that are supposedly set in our world that claim to portray them “accurately". I think for Shane, reading a fic that retells his supposed love story with Hayden would be SUCH a psychologically distressing experience, in part bc of how similar that story is to him and Ilya's story! The fact that there are people who imagine him as a gay hockey player, but they fundamentally see him as a top, or as this responsible captain who could still never fall in love w a supposed asshole like Ilya Rozanov. It's psychologially disorienting to be faced with the gap between how you perceive yourself and how the world perceives you! Sorry I could go on and on about this but I guess ultimate point really is the l’enfer c’est les autres / hell is other people and their gazes of it all.

Shoutout to Larry Stylinson as an institution for providing so much fodder for this fic. I think there are some headlines and sentences here that I took near word for word based on irl news reporting (pretty much all the Euphoria headlines) and fan remarks on Larry Stylinson. To be clear, this work really isn't meant to be derogatory towards Larry or RPF shippers in general — I've loved and adored many an RPF fic myself. I think we can enjoy things like RPF and acknowledge that fans often cross a line they shouldn’t with it, and be nuanced in our discussions surrounding it :) Dan & Phil’s relationship reveal vid earlier this year is good for further ruminations on this topic

All usernames in this fic, twitter or ao3 or otherwise, are fake!! If I accidentally recreated your username and you want me to change it lmk😭

I tried to be accurate with the general book timeline of events but please let me know if you note any glaring errors! there's a lot more I would have loved to have added here so maybe sequel or extra chapter sometime for overflow material lol

Anyway thanks for reading <3 I haven't written a fic in almost 5 years, so it's kinda crazy to be posting after so long. Maybe more HR fics coming in the future?

EDIT: so so so thankful for all the love this work has received and shoutout to everyone who caught my references. so dearly appreciate all the support, and there'll probably be more added to this universe once im a bit less busy!

Chapter Notes

> This second chapter was supposed to be mostly expansions of things from the first chapter that either got cut out or ppl wanted me to expand more on…and then i wrote another 8.5k of made up fandom discourse...part of the reason I wanted to write this is bc I felt bad that Hollanov got sidelined in their own fic so there's a lot more of them this chapter!
>
> I thought coming up w usernames would be easier this time around considering I could just reuse everything from the first chapter and then I realized the massive timeskips I did mean like 70% of those ppl would probably be inactive after a couple of years…it was fun though to integrate more recent real world stuff into the usernames — you guys will not believe the number of times i looked up [[insert media] release date] to make sure that thing had come out at that point

my heart is beating (for this moment in time) - Chapter 9 - euphoricdreamer - Men's Hockey RPF [Archive of Our Own]

Shane sets his jaw, face taut. "How was it?"

The other man's stance is stiff, his expression chilled. He's pointedly glancing away from Hayden as if– as if he can't bear to look at him. Hayden doesn't know what will slowly kill him sooner, the seconds that Shane spends looking away, or the seconds that will countdown after he does.

"What?" Hayden whispers, looking up at him from the bed.

"How was it? Fucking her?"

Shane turns to look at him, a snide slant to his lips that Hayden has never seen before on his sunshine, golden captain, and he– he doesn't know what to do. Doesn't know what he can do, to make this better. He wants to turn back time, to the Hayden who Shane loved, the Hayden that Shane would never look at like this. The Hayden that would never betray Shane by sleeping with another woman.

Even if, Hayden thinks mulishly to himself, it *was* technically allowed under their arrangement. Never once had they promised exclusivity to each other. But it's like Jackie had told him, lying naked in the bed next to him, cigarette in her fingers, looking wickedly beautiful in the moonlight streaming in through the window. Unbearably gorgeous, and yet somehow not someone he really, truly wanted.

With stuff like this, it doesn't really matter whether or not it was actually cheating, y'know. We could play the Ross-Rachel-we-were-on-a-break game all day long until our hearts give out. The real question is, did it feel like cheating?

And the truth, Hayden knows, staring at the man he loved who refused to look at him, is that it did. The whole time he was inside her, on top of her, surrounded by her, he couldn't stop thinking of Shane. Of his face if he could see what was happening right now. Horribly, it was that image in part that spurned him on. He *wanted* Shane to know what was happening, to feel the same heartbreak Hayden felt like he swallowed down every week, sharing a hotel and locker room together, but never a life or future.

Shane sighs, and then looks away again, at the window, gaze boring into the New York skyline like he wishes he could be anywhere but here. Hayden has never felt smaller in his life than he does at this moment.

“Hands and knees.” Shane says.

“What?”

“You heard me. Hands and knees, Pike, or I’m walking out of this hotel room right now.”

Hayden struggles to obey quickly, legs trembling as he gets into position, waiting to feel Shane’s touch on his body, those large, yet gentle hands on his hips. His cock in his ass. And that touch comes. Just not the way he expects.

Spank! Hayden’s entire body jostles at the unexpected crack, the sound hitting him before the pain does — his left cheek suddenly tender and burning with the force of Shane’s sudden slap. Hayden falls face-forward, his arms giving out as he whines in confusion.

“Here’s the deal,” Shane says, “One spank for every time you let her touch you. If you get to 20 like a good boy, maybe I’ll fuck you like you deserve.” Hayden squirms inadvertently, but at some level he’s relieved. This, at least, he understands. This is just another part of their game, a game that started all those years ago in their rookie season, when golden boy Shane Hollander first caught Hayden watching something he shouldn’t have on his computer, and reacted not with the disgust Hayden deserved, but with intrigue. With lust.

Maybe after this, Shane will forgive him for what he’s done.

Jane: Why are you reading Russian fanfiction about me and Hayden on my laptop?
Jane: Is this porn??? Why are you reading porn about us??
Lily: It was not Russian originally
Lily: Author wrote it in English and then someone translated to Russian
Lily: Very well-written. I'm impressed
Jane: Oh my God
Lily: Was very sexy to imagine you telling me to get on my hands and knees
Jane: Excuse me?
Lily: Oh I thought you read it
Jane: Surprisingly enough, my Russian isn't good enough yet to read fullblown porn
Lily: Oh? But you hear hands and knees in Russian so often I thought you would know the words by now
Jane: ILYA.

i do think there's a lot to the story we're not hearing. like…sorry am i the only person who thinks it's...convenient...that it was hayden of all people who took the kissing video? why would shane "hates pda" hollander be kissing another man in front of his best friend?? and why did brad or whoever tf posted the leak only make his account an hour before? a lot of you seem to taking this as the final nail in the coffin for shayden when it only raises more questions lol

that all being said, i'm not actually a crazy bitch like a lot of you seem to think. jackie pike as a coverup for shayden makes sense. ilya rozanov doesn't. and there's no way the voyageurs would fuck themselves over like this w this trade unless they actually thought shane was sabotaging (he wasn't I can tell you that), which really only makes sense if he's really w rozanov. if the wedding really was real, i wish shane and rozanov all the best.

final thoughts on shayden: i think the honest truth that all of us shaydens can admit to ourselves, especially now, maybe, is that shayden was far more for us than it was for shane or hayden irl. it was a space that us hockey fans, many of us fem or queer, carved out for ourselves within one of the most lgbt-hostile fanbases that exist.it was a space where we could imagine the at-the-time completely unbelievable reality that professional hockey could have two male queer superstar players in love. for many, it was their first introduction to queer fandom. a space where queer love thrived.

so no, I don't regret being a shayden. bc quite honestly, i think the global support shane and rozanov got wouldn't have the same if shayden hadn't already helped normalize the existence of queer love in hockey. that all being said, i think for obvious reasons i won't be posting

joint shayden content now. i'll keep posting shane and hayden content individually, because they're still my two favorite hockey players. thanks again guys

[...]
Interviewer: How did finding out make you reflect back on Shayden?
Hayden: Huh? What do you mean?
Interviewer: Well there are some who say that Hollander officially coming out makes Shayden make sense now, because fans were picking up on something that was there. Maybe not something mutual, but…
Hayden: I- I'm sorry. Are you in 2021, asking me if I think Shane was in love with me? How many times do I need to answer this question in this life? I thought the whole FanMail thing, of all things, would have put an end to this.
Interviewer: Well–
Hayden: Sorry, not to be rude. But all those years that everyone was convinced Shane was in love with me and sneaking around, or whatever, Shane was *actually* sneaking around. With his now husband. With the guy who, for better or for worse, is now godparent to one of my

kids. You guys think you know what Heart Eyes Hollander or whatever the fuck you call it looks like? I've seen that look firsthand, since our fucking rookie season, every time we played in Boston or Rozanov played in Montreal. And trust me, I know what it looks like when you're actually in love, because unlike all the teenagers who've been nosy about Shane and I for decades, I'm happily married to the love of my life. And thankfully, my best friend is too.

Holmberg: omfg spoken like someone's who's seen the absolute DEPTHS of the trenches

Hollander-R: So why is our ship name Hollanov when me and Hayden's was Shayden? How do you decide how to combine the names?
Barrett: ???
Hollander-R: Oh sorry guys I meant to send that to Ilya
Hayes: Well actually that's a great question Shane! It all goes back to the history of how "shipping" came to be and it differs by region! So in Eastern fandoms, such as anime for example, it's common to tag ships by putting the character who is the "top" first and then the bottom. So in Naruto for example, if you shipped Naruto and Sasuke and you thought Sasuke was the top, you would say you shipped SasuNaru. If you thought Naruto was the top, you shipped NaruSasu. And in the West, it was the convention for the longest time—

—

Hayes: So tl;dr the construction of shipping names is actually a pretty complex thing!
Barrett: Wait, people ship Naruto and Sasuke?
Hollander-R: Oh I see that. They kissed a couple times in the series too right.
Bood: I'm sorry Hollzy let me get this straight. You don't know Rihanna but you know *Naruto?*
Hollander-R: I was a half-Japanese kid growing up in North America in the 2000s. I was forced to know what Naruto was.
Bood: Oh shit. Point taken
Rozanov-H: What is Naruto? Is this one of your nerdy comics, Wyatt?
Hayes: Hey!
LaPointe: Wow, a pop culture reference Hollzy knows and Roz doesn't? Is the world ending?
Rozanov-H: Oh just looked it up. Actually I have seen this show before. Many children in Russia watched this growing up.

Rozanov-H: The ugly blonde boy with the whiskers? He is gay?
Barrett: I wish I could leak what conversations are like in this chat but I don't think anyone would believe me
Dykstra: And your boyfriend would kill you
Barrett: Well yes that too

Rozanov-H: Wait, if our ship name is Hollanov and person who tops goes first, does this mean people think Shane is my top?
Hollander-R: Aren't you supposed to be walking our dog right now?
Hollander-R: And what's the problem with people thinking I top?
Rozanov-H: …I need to go water my Anya.
Young: lmao
Hayes: @Roz Answer to your question is that fan culture has become a lot more casual with this stuff nowadays, so I honestly think whoever constructed the name just thought it sounded good. Better than Shilya or Ilane or something
Rozanov-H: It's a very good ship name. Much better than ugly ugly Shayden 🤢🤮
Hollander-R: Agreed

Post-Game Interview with the Ottawa Centaurs, Sports Daily
Interviewer: Mr. Hollander, what do you have to say to the people online who think you should have married an Asian man?
Shane: Excuse me?
Interviewer: There's a lot of people online who think your relationship with Rozanov implies a desire for "proximity to whiteness"…
Shane: I don't think—
Ilya: Sorry, is my husband not half-white?
Interviewer: Mr Rozanov, I was asking Mr. Hollander—
Ilya: We hyphenated. Please remember this. And I think maybe I should take this question, since you talk about me. *[He glances at Shane. Shane nods, briefly.]* So please, let me clarify. If I was Asian — this is possible in Russia by the way, many Asians live in Russia, perhaps stupid Westerners do not know this — you would be standing here before me asking why my husband has not married white man, no?
Interviewer: I didn't mean—
Ilya: My husband is mixed, there is no fair way for him to answer this question. Both ways, you will ask him, so why you did not marry the other one. Is very unfair I think.
Interviewer: I—
Ilya: Your question is very stupid. And any European watching this, or anyone outside this

silly continent, in fact, knows it is very stupid. What is proximity to whiteness? My husband's family is Canadian. I am Russian. There is culture gap simply because of that. If I woke up in a nightmare tomorrow and I am married to mr white man Hayden Pike, same culture gap would exist. Because Russian culture is very different to whatever you people think white culture is. So to answer your stupid little question, no, I do not think my husband marrying me or learning Russian for me or cooking Russian dishes for me is "assimilating".

Lily: What
Lily: Marlzy
Lily: My old teammate from Boston
Lily: Who got fined in 2015 for yelling that he wants to drown his face in Boston pussy
Lily: You think I slept with this Marlzy?
Jane: I mean that doesn't say anything about his heterosexuality Mr. "Told everyone at All-Stars 2012 you love tits and ass"
Lily: Wow you remember that 10 years later ok stalker
Lily: Actually there's a big difference. Everyone has tits and ass, no matter gender. I was being very bisexual when I said this. Not everyone has pussy. Some men do, maybe, but I don't think Marlzy is into them. Because he is straight
Jane: I'm just surprised you two never did anything like that with how, uh, active you were. It's not that uncommon for two guy friends to have a threesome with the same girl?
Lily: Well threesome with same girl is not same as fucking. But no, I never had threesome with another man. If word got out, even if me and him did not touch really, it would have been dangerous. Media would have asked questions. Russian media would have asked questions
Jane: Makes sense. Got it.
Lily: But this questioning is scaring me. Are you asking because you want to have threesome with Marlow?
Jane: Yes. However did you know?
Lily: 😨
Jane: I think I should hit him up right now in fact.
Lily: No you should send me a pic of your tits and ass😔 I miss them
Jane: I'm working out
Lily: No you are being jealous and sad. I do not like this. Instead you should be thinking about me playing with your tits and ass. Send me a picture
Jane: Give me a few minutes

CRAVE: An Exclusive with Hayden and Jackie Pike, on Family, WAG Life, Hockey, and #Hollanov
[...]
Interviewer: I'm sorry to ask about this Jackie, and I swear this is the only time in the interview I'll bring this up. But there's been a lot of greater conversation right now about shipping culture and what people call "RPF". So I have to ask: How did you and Ilya Rozanov feel about the whole Shayden thing?
Jackie: This might sound surprising to some people, but I honestly never took it too seriously. I mean, did it bother me that a significant portion of the internet thought I was a beard for my own husband, or that our children were actually dolls? Of course it did. But I

think Hayden and Shane felt a lot worse about the whole thing than I did. I think Ilya and I found it more funny than everything
Hayden: Oh Rozanov thought it was hilarious.
Interviewer: Really?
Jackie: *[Laughs]* Oh yeah. I remember when the Euphoria episode with the scene of them having sex came out. Ilya Facetimed me so we could watch it on call together. I was cracking up. *[Laughs again]*
Hayden: I'm so grateful Jackie was as cool with all of it as she was. There were honestly moments during the 2013-2014 season where I wondered if I should try to break my contract and move to a different team or something just to let the whole Shayden thing die out. It would've sucked to leave Shane and the guys and everything but fans then really were crazy. Honestly, much more crazy than people are now, believe it or not.
Jackie: I think the whole thing is a lot easier for me and Ilya because we're so sidelined from this conversation. Well I guess Ilya was non-existent in the conversation until recently. But unlike Shane or Hayden, who suddenly had to start monitoring their interactions in public together or got asked about it in the press constantly, I didn't really have anything to hide or prove to these people.
Hayden: Well technically Rozanov had a lot to hide in that sense *[Jackie elbows him]*. You know what I mean!

Shane Hollander and Ilya Rozanov meet on the day of the 2009 NHL Draft, already prepared to hate each other as rivals to be. The next day, they wake up in bed together, 12 years in the future, and somehow, married.

No Archive Warnings Apply, Shane Hollander/Ilya Rozanov, Hayden Pike, Jackie Pike, Ottawa Centaurs Ensemble, Canon Compliant, Texting, Humor, Established Relationship, what I imagine went down in the Ottawa WAGS gc once the fanmail vid dropped, based on entirely on Cassie Boodram's increasingly unhinged instagram story drops of WAG nights

> It's okay, Shane tells himself, I'm gonna message them, and I'm going to be funny and charismatic , and then I'm going to get a good grade in WAG, something that is both normal to want and possible to achieve.

The worst part of coming out and joining the same team as your husband, Shane decides, is that now suddenly he has to balance being a professional hockey player AND a WAG. His stupid husband, of course, takes to it like a loon to water.

Chapter End Notes

EDIT: A lot of ppl seem interested in the fake hollanov fics in this chapter! i do have some ideas for one of them idk if i'll get around to it anytime soon. but either way if

anyone wants to write a fic inspired by or directed based on the summaries you have my blanket permission! just lmk when you publish so i have a chance to read it too :)

I'm making this into a series bc there's some stuff referenced here I would love to elaborate on/write about in a non-socmed focused format (particularly the wasian/white x asian couple discourse which I have a LOT of thoughts on both at the meta level of rachel reid choosing to make 1/2 of her POC protags wasian and in an in-universe sense of shane's relationship to his race); if you're interested in that at all feel free to subscribe or bookmark!

Also to clarify, I know there's been weird discourse on hr twitter in the past couple of weeks about hudson and connor and their relationships and lack thereof and ethical non-monogamy but i need u all to know i wrote those tweets like. literally december 24th. so maybe reality imitates fiction here and im the reason that discourse started #sorry

▶ click here for some fun facts/mini commentary of different things in this chapter

Anyway tysm for reading! I truly didn't expect this to get the love that it did and I'm so so grateful for all your comments from last chapter <3 I'm so glad people thought the glass dildos line was funny bc I was rlly proud when I wrote it 😭 I don't think this chapter is quite as good as the first but I hope people still have fun with it — the references this time around were especially fun to do bc of how recent they are, so please feel free to note any you caught/liked in particular!

As always, please feel free to lmk if you caught any errors of any kind! There are *some* purposeful errors throughout the fic (like the fic that mentions shane and ilya meeting in 2009 at the nhl draft) that stem from this being an outsider pov — a lot of fans wouldn't know about their 2008 prospect cup meeting!

The fic is marked as complete for now but I'd originally intended it to be a one-shot anyway so never say never re: another chapter I guess. my tumblr if you'd like to share further thoughts <3

Please drop by the Archive and comment to let the creator know if you enjoyed their work!
