so merry christmas here's a very short, very low tech social media reacts fic! this is really meant to be read AFTER reading [10 Things Shane Hollander Can't Live Without](#) and [10 Things Ilya Rozanov Can't Live Without](#). They're also all linked in the same series as an easy way to read them all in order.

See the end of the work for [more notes](#)

the GQ essentials videos are further evidence that hollanov is real, in this essay I will—

> after watching both interviews I have no choice but to conclude that they're in love your honor

shipping (hollanov) up to boston @thebostonsportsgirl

> okay but actually. like i mostly stan bc it's funny and pisses people off but they are actually obsessed with each other... like at least 2-3 of their essentials had to do with each other and they both mentioned the other one BY NAME... i fear what started as a joke for me may be real
