no because this is so true, these weirdos are taking it as confirmation??? like rozanov is not the only russian man on this planet hello?????

@joelsmith12

Responding to **@shaydentruther2435**

This is so true TBF. Like why is everyone taking Hollander being gay & dating a Russian guy as confirmation that the man is Roz? There's literally no other evidence.

@tallglassofwaterroz

Responding to **@shaydentruther2435**

LITERALLY!! i'm fighting for my life in the comments of some of these hollanov fans, they're fucking crazy!! there is zero evidence that rozanov is gay like i'm sorry but that man is a woman LOVER

@torontobarrettbear

100%. That man has slept with so many women, there's no way he's a fruit

@shanehollanderhockeyplayer ✓

Yes, it's true. I'm gay, and I am in a committed, long-term relationship with Ilya Rozanov.

I'm aware that many people won't understand this, especially because of the rivalry that has followed us for our entire careers. However, it's important for people to know that we always kept things professional. I would never jeopardise my game on the ice for my personal relationships, and neither would Ilya. We always played our hardest, no matter who it was against, and I think our stats and achievements speak for themselves in this regard.

I also want to thank **@roselandry** ✓ for being my biggest supporter. I'm so angry on her behalf that someone would violate her privacy in this way, I hope people think twice in the future before clicking on or spreading such leaks online.

Lastly, I would like to apologise for any comments made regarding other players.

Thank you,
