Summary

lucarozanov

if shane hollander gets mad at me reading about him getting blasted in the ass then he can check his bank account. i know ilya would be chill with it though

Luca Haas tries very hard to not let anyone know about his dark (read: embarrassing) past. Unfortunately, the fans are ready to let people know for him.

Or, Luca used to run a tumblr blog for Hollanov and the internet goes wild.

new to hockey and scared to ask what the great 8124 omegaverse chirp of 2015 is

omggg this is deepcut lore(not really since it ws two years ago but it really only get discussed in rpf spaces) BUT BASICALLY! im guessing a relative of one of the boston bears showed them decided it was a good idea to show them hockey rpf because one time in 2015 after the bears had won the match 81 proceeded to yell that hes "the alpha of the rink", points to a very confused and dejected after losing 24 and says "they think you are a simple omega!"then promptly skates off like nothing happened. this never gets addressed or brought up again but this went viral on tumblr and was a topic of conversation for months...

obviously i do not condone sharing or shoving of rpf into the faces of the real people in question but it was still really amusing to see. also i dont even think 81 knew what the terms meant at the time xD

Hey guys! A bit of a more formal and bittersweet post but in exactly 24 hours I will be deleting this blog and my sideblog (@[lucarozanov](#)). I realise that this is sudden but I think its time to retire my rpf days and hopefully move onto bigger and greater things. I still love Ilya, 8124 and most importantly hockey but life has granted me opportunities that are more important than a tumblr blog.

I really cherish the memories and friends I've made through my Ilya posting, my artworks and 8124. Thank you all.

Feel free to save any fanart of mine for archive purposes.

Sincerely,

2022

Luca Haas likes to think that he settled pretty well into the dynamic of the Ottawa Centaurs. He isn't a rookie anymore but hes still being babied by the older members. The only change is that he finds that he doesn't mind it as much anymore. Obviously he still flushes at any compliment that comes his way, its in his nature, but he doesn't try to deny them or seem humble anymore. He accepts the compliment with pride.

He even thinks hes over the better part of his crush on Ilya Rozanov.

And look, Luca is very respectful of Ilya and Shane's relationship. In fact, he even drew a portrait of them and Anya as a wedding gift! He is a supportive friend and teammate who used to have an extremely bad crush on his captain and tries not to make obvious to said captain or his husband. Who happens to be Luca's alternate captain and the best player in the entire league. So yeah, Luca's life is going pretty good.

Except for one glaring problem. He has a secret.

Luca knew that he wanted to be on the ice forever since he was four. He knew he wanted to play hockey professionally when he was seven and poured hours into learning every single he could about the sport. Then at nine years old, he sees Ilya Rozanov fly across the ice.

It's pretty easy to figure out the timeline from there. He was enamoured with Ilya Rozanov and spent hours watching highlight reels, compilations and games to understand how Ilya played. He made hockey look like fun.

Luca loved hockey and didn't think he could live without but he'd be a liar if he said there weren't days where the sport wasn't be fun anymore. As a clutch, he fell back on drawing. He doesn't think he's particularly good but it relaxes him and soothes his brain in ways hockey can't.

When somebody asks him about when he started art, he says that its something thats always been with him. Like hockey. However, he knows that he truly started getting into it when he was fifteen.

Fifteen year old Luca Haas was painfully average. He was hockey smart and artistic but he always felt way too normal for someone wanting to make it to professional hockey. And he didn't mind that. In fact, it was a tactical disguise for what he got up to when he was sure nobody was looking.

He was short on money and needed quick cash that he didn't want to ask his parents for. So when he comes across an online forum of someone asking if somebody was willing to draw art of Ilya Rozanov and Shane Hollander together for a hefty price, who was Luca to refuse? It doesn't matter that the request entailed the two rivals holding onto eachother in a soft embrace.

Totally normal rival stuff. And Luca got hooked before he even knew what was happening. He still drew stuff for extra cash, but he also just drew them for fun. He posted them online and that was that for an entire four years of his life.

And then, he got drafted and realised he had to take this secret with him to the grave. Especially with Ilya Rozanov, and later on Shane Hollander, on his team.

emilia ☿ @rozanovingonandon

a comprehensive thread on who ilyuca81 was and his impact on hollanov!!!!!! (1/20)

emilia ☿ @rozanovingonandon

ilyuca81 (or luca to close friends) made his tumblr blog around 2014/2015 after becoming well known on hockey forums for drawing hockey art commissions! he was especially popular with hollanov fans for reasons i'm sure you can put together! (2/20)

emilia ☿ @rozanovingonandon

he started off already pretty popular but his blog only grew in popularity when he started posting more obvious rps fanart of hollanov. he was extremely well-respected within the

community and very much pushed for respecting the boundaries of the players. (3/20)

emilia 🍷 @rozanovingonandon

i think its also important to know that he was a minor during his time as ilyuca81 and is now in his early 20s (i remember because we found out we were birthday twins but im a year older than him)! he was a very talented artist for his age but it was obvious it was also another outlet for his love and appreciation of hockey. (4/20)

emilia 🍷 @rozanovingonandon

his favourite player was ilya rozanov and when i say he was an ilya SUPERFAN i mean it. he must've came out of the womb staning rozanov because that boy knew everything about him. it was actually really sweet.

he also liked 8124 (what he called hollanov. he was very firm on using numbers instead of names.) (5/20)

emilia 🍷 @rozanovingonandon

by 2016, his blog was extremely popular and he was usually the reason why hockey broke fandom containment. i'm like 99.99% sure hes the reason why hayden pike is known for having a million kids by outside hockey fans. he also kinda put hollanov on the map since pre-2015 was when shayden was like THE hollander ship. (6/20)

emilia 🍷 @rozanovingonandon

he also had a sideblog called lucarozanov (yes it was literally his name+rozanov. he was very much the first bf stan) where he was a bit more relaxed. and by relaxed i mean he did not hold back when dissing other players. especially hayden pike because of the fact that ilya's beef with pike was very popular (not as much as hollanov obv) as well as shayden still being a large majority at the time. (7/20)

[image desc: a screenshot of a tumblr post by **lucarozanov** that reads '**hayden pike has had more kids than goals scored this season**']

diana @rozyposie

 **kate**  @scotthunterapologiser

does anyone remember when ilyuca81 made a twitter account just to comment under posts on scotts official account asking if he knew dinosaurs to make fun of how old he was? and like he'd name specific dinosaurs too.

emilia  @rozanovingonandon

he also had a sideblog called lucarozanov (yes it was literally his name+rozanov. he was very much the first bf stan) where he was a bit more relaxed. and by relaxed i mean he did not hold back when dissing other players...

kate  @scotthunterapologiser

he probably deactivated the twitter account too but i remember i couldn't even be mad because it was funny as hell.

If you told Luca Haas that living his teenage years out on a blog centered around hockey players being gay would come and eventually bite him on his profesional hockey playing ass later down in his career, he would've just accepted his fate.

That doesn't make the consequences any less scary however.

He finds himself pacing in front of Harris' office, unsure on whether he should knock or if this is even the appropriate place to go. Maybe he should talk to Coach? Or Ilya and Shane? No, definitely not Ilya and Shane. He'd rather die.

Before he can run off, he hears the door click open and sees Harris and Troy walk out, obviously surprised to see Luca look so panicked.

"I fucked up," Luca says dumbly. He feels like he's back in the body of his 20 year old fresh-faced rookie self as he watches the faces of the two older men soften with worry. "Not anything awful. It's just really stupid and I don't know what to do."

Harris was the first one to speak, wrapping his arm around Luca and rubbing his shoulder, intending to soothe his nerves. "Hey, hey. Whatever you did we can fix, right Troy?"

"Uh, yep."

"Let's go into the office," Harris pushes Luca into the room and settles him onto a couch, Troy following in after and sitting himself on a nearby chair. Harris moves his hand to stay firm on Luca's back and in a calm voice asks, "So what did you do?"

In a mumbled voice, "I used to have an old tumblr blog where I posted fanart of Ilya. With Shane."

Harris blinks a few times, and then looks back at Troy who shares a similar confused reaction. "Repeat that?"

"When I was younger," Luca suddenly feels the room get very hot, "I used to make fanart of um, Ilya and Shane, and post it onto... Um, online."

Harris really does not want to make the situation more humiliating for Luca but it's difficult not to let out a small laugh at the absurdity of the situation.

"I don't see what's wrong with that," Troy says, "We like when you draw us. Especially Ilya."

Luca looks up at Troy like he's about to burst into tears before looking back down, completely and utterly dejected.

"...Or not."

Harris clears his throat, patting Luca on the back. Partly because he's proud of the guy for admitting something so personal and partly because he's honestly impressed Luca has managed to keep this secret for so long. "There's nothing wrong with that Luca," Harris smiles. "We all have our vices."

"Normally kids watch highlight reels of their favourites," Luca scoffs but it doesn't hold any real malice. "I did that and then drew my favourites making out right after."

"Holy shit," Troy gasps like the puzzle pieces finally fell into place. "That's actually kind of cool."

Luca whips his head up at Troy, face shrouded in disbelief.

"I mean like, you were obviously drawing them before they came out or I guess, outed. But that means you've supported them since the very beginning."

"I mean," Luca shrugged. He couldn't really argue with Troy's words. "Yeah, I guess so."

"Well," Harris starts. "I'm glad you're being honest about this Luca. What made you want to tell us, or well, me?"

"My friend told me that fans are starting to connect the dots between my blog and me," Luca cringed. "So I figured you'd wanna know in case it. I don't know. Gets out of control I guess."

"Oh!" Harris exclaimed, like he hadn't even considered that it would be an actual situation to deal with. "I can release a statement if theres any real allegations but I doubt fans will actually find out that its you."

Luca huffed, "Yeah. Not like my name was attached to it or anything."

"Luca."

"Or my age..."

"Luca, no.."

"Or the fact that I played hockey and talked about wanting to play profesionally."

"Luca!" Harris frowns but he didn't seem actually mad, and Troy began bursting out laughing.

Luca did feel really bad but, "I didn't know I was gonna make it and be on the same team as Ilya and Shane! Do you not how crazy that would sound in 2015?"

Harris just nods, understanding. They sit in silence for awhile, unsure of where to go from there, until Harris speaks up again. "Fans can't make the connection for certain based off just that information. Just be careful! It'll all be fine."

"If you say so..." Luca agreed, then as if remembering something crucial, "Oh. I have so may posts of me uh, complimenting Ilya."

"Complimenting?" Harris smiled knowingly.

And at the same time, Troy chuckled. "Man, Shane would probably murder you if you're that embarrassed about it."

peneople 🐾 @8135yaoi

it took me awhile but i've managed to compile all the ilyuca81 fanart i had commissioned! a lot of it is rozapike but theres some hollanov too! 

[image desc: in a collage like image is fanart of hayden pike and ilya rozanov together. they all vary in whether they can be interpreted as romantic fanart but they all share the same signature ilyuca81 art style.

in the corner is a small section of various hollanov drawings.]

mikey @shaydyouthen

the fact that you still ship rozapike in 2022 in so ridiculous

peneople 🐾 @8135yaoi

one day hayden will get invited to the cottage

mikey @shaydyouthen

yeah by shane... not ilya fucking rozanov

 @earth2barrett

was looking at old ilya interviews that were in russian and realised that ilyuca81 is behind so many of the translations😭

emilia 🍷 @rozanovingonandon

he was such a dedicated ilya fan. but also i think language learning came easy to him because he spoke german fluently AND was learning english as well.

 @earth2barrett

oh mygod... ilyuca81 really was reborn as luca haas

benjamin @hollzy81

the concept of shipping ilya with the guy he repeatedly calls his and his husbands son

emilia 🍷 @rozanovingonandon

just uploaded my compilation of ilya referring to luca as our (his and shanes) boy onto youtube! link in bio :)

ilya: to where???

luca: oh my god

shane: He's kidding. He knows what shipping is.

hayes: This cause theres people shipping Ilya and Luca now?

 **harris:** ...yeah pretty much

harris: how'd you know???

hayes: Look its very hard to keep up with hockey fans online while trying not to be concious of fandom culture. I just wanna look at art of me as a superhero.

bood: Nerd!

hayes: You do NOT wanna see what they're saying about you man

(I person reacted with '😂')

ilya: people want to see more of me and luca because they want us together?

ilya: @luca i have husband. he does not share

ilya: i am sorry

luca: oh my god

ilya: you are my baby. but not like that 😊

luca: i cant do this

shane: Luca, I am so sorry he's like this.

ilya: he is not genuine i can see him smiling

troy: How do you live with him Shane?

ilya: your boyfriend is in this chat barrett

harris: no i've also wondered this too!

harris: but anyways the shoot isn't until next week. just wanted to give a small heads up :)

troy: What even is shipping?

bood: Hayes should explain it

dykstra: tbf man none of us are into that stuff like you are

hayes: Yeah but that's for like superheroes... Not my teammates

ilya: as captain i will explain 😎 rest easy

bood: oh this will be good

ilya: shipping is when hockey player answers other hockey players mating call and fans notice

ilya: shanes calling was canadian wolf bird

ilya: was not very sexy but its ok because the rest of him? very sexy ;)

(7 people reacted with '👍')

shane: Literally what are you saying?

troy: What even is shipping?

 **harris:** its basically just fans wanting players to be together! romantically!

troy: Like on Luca's old blog?

luca: DELETE THAT.

[troy has deleted one message]

troy: Shit! Sorry kid.

luca: i think i just had a heart attack

ilya: what did troy delete?

troy: Nothing.

LUCA BEING REFERRED TO AS ANYA'S BROTHER?????😭😭

diana @rozyposie

luca haas is truly hollanovs favourite. what do you mean as soon as he started getting self deprecating about his art ilya and shane immediately started reassuring him that hes the bestest artist they've ever seen😭

 @earth2barrett

you can tell shane gave birth to luca because they're both neurotic flowers who can somehow keep up with ilya rozanov

kate  @scotthunterapologiser

shane hollander does not have time to be pregnant or give birth

hey does anyone else think that the artstyle luca haas has is really similar to ilyuca81s??

georgie 🧸 @shilyaisms

theres only so many ways you can draw shane and ilya

shane's brittany ♥ @hollanduh

looked back on the ilyuca81 shane art i had commissioned from way back and realised that him and luca (haas) draw shanes freckles the same way!

georgie 🧸 @shilyaisms

how do you even draw freckles in a specific way

shane's brittany ♥ @hollanduh

i remember him saying that he included two more prominent freckles on shane's left cheek and four prominent ones on his right cheek amongst the smaller freckles! in reference to shane being 24.

nah you made that up

emilia 🍷 @rozanovingonandon

another comprehensive thread but this time on the similarities between ilyuca81 and luca haas!

emilia 🍷 @rozanovingonandon

1. luca haas and ilyuca81 share the same first name! they also share the same letter of their last name. though ilyuca81 never shared his last name online he did sign a lot of his traditional non-hockey related works with 'luca h'!

emilia 🍷 @rozanovingonandon

2. ilyuca81 is supposedly in his early 20s and shares a birthday with luca haas who is also in his early 20s!

emilia 🍷 @rozanovingonandon

3. they both played hockey and ilyuca81 was extremely knowledgeable of the sport (like shane hollander levels of crazy about the sport)! there were a lot of times where ilyuca81 would talk about how he wanted to play for the nhl :')

emilia 🍷 @rozanovingonandon

4. they both draw! oomfs have even pointed out how they share extremely similar artstyles.

emilia 🍷 @rozanovingonandon

5. both of them are polyglots (and coincidentally speak the same languages)!
