Summary

hi my name is hayden pike and i have been stealing all the condoms in the olympic village and selling them for double the original price so i can make up for the money i don't get in my slop salary with my bum team @TheMontrealVoyageurs

Notes

hey people...

i know i said the last fic was going to be the last one in this specific canon-adjacent twitter universe, but i am a liar who lies so. also multiple people said they would die if i didn't write another one and unintentional manslaughter via fanfiction doesn't really look good on resumes, so.

also, as i'm sure most of you can tell, i know literally nothing about hockey. please tell me if something is egregiously wrong and too hard to look past, and i will fix it because i am open minded and kind and willing to learn from my mistakes. if it's not a huge inconvenience though, please pretend like it doesn't exist, okay? thanks!

here's another one you greedy freaks. i hope i do not disappoint :D

title is from tornado warnings by sabrina carpenter, because i have unintentionally titled all of my smaas (except for one) with sabrina songs :P

End Notes

writing this fic led me to places i'd never go with a gun. meaning i had to actively research men's hockey matches and how the olympics pairs teams up, and then i had to take multiple online kink tests in the mindset of shane hollander.

while i am aware the us won gold for men's hockey, i happen to think every player in that locker room deserves to be nuked due to that vile video of them laughing at misogynistic jokes, and chatting it up with the worst person on planet earth. therefore, canada gets the gold in this fic, and the us men's team dies in a plane crash on their way home, and no one even cares because they're too focused on celebrating the us women's team.

in this universe, ilya and shane see that disgusting video, and proceed to fight every player on the us team when they play each other in the regular season. that is canon to me!!!!

there is no way for me to put into words how grateful i am that you all enjoy these. in a world of bad, it's good to know that i can make at least some people laugh :)))

if you liked it, you know the drill; feed my ego in the comments. THANKS!!

(also, if you would read another installment of this series where the focus is more on them balancing hockey and raising their daughter, let me know !!)
